**Special Note:** In APA, note that only 1<sup>st</sup> word of a title, 1<sup>st</sup> word of a subtitle and proper nouns are capitalized in titles. Exception: Names of journals.

**Special Note:** If only one source is used label the end-of-paper citation section as Reference. Use the plural form, References, when 2+ sources are used in-text.

**Special Note:** The standard APA format style for references is double-spaced, indented 2+ lines, and typed on a new page. In this class only we will ignore this formatting to save space.
